Levi,

Much better!

I deleted the white male slider for RSB, took the word "you" off the Child Support sliders, and took the extra "space" out on the DUFb slider between "the" and "Double-UP."

I think we can move on to some additional sliders:

1. HITE mydss.mo.gov/hpog-hite
2. General Child Support Services - 1-800-859-7999 dss.mo.gov/child-support/
 - a. Brochures <https://dss.mo.gov/child-support/pdf/child-support-brochure.pdf>
3. Alternatives to Abortion - dss.mo.gov/fsd/a2a/

I made the same edits on these 10x4 sliders for the intranet . . . except you already had taken off the white male slider.

I ~~deleted the white male slider for RSB~~, took the word "you" off the Child Support sliders, and took the extra "space" out on the DUFB slider between "the" and "Double-UP."

I think we can move on to some additional sliders for the intranet as well (same as internet):

2. General Child Support Services - 1-800-859-7999 dss.mo.gov/child-support/
 - a. Brochures <https://dss.mo.gov/child-support/pdf/child-support-brochure.pdf>
3. Alternatives to Abortion - dss.mo.gov/fsd/a2a/

NOTE: Please be sure to label these PowerPoint files with the "SIZE & INTRANET" naming protocol (see mine attached) along with the versioning (good job of the versioning).

Sorry, I forgot to add that I was informed today that Nurses for Newborn has stopped serving the Phelps, Dent and Pulaski counties effective today. One of my clients informed me that she has had a few potential clients from NFN visit her, and she anticipates there will be more, but she is wondering how these transfers would transition? I think in other words, will they all be discharged and have to have New Client In-Takes done or will their records in the database still be available and they could just transition in and continue their A2A Program?

The three counties you have identified were not awarded to NFN though the A2A contract; they must be covering them through their other programs. If/when A2A clients from NFN, in the three counties, come to one of your subcontractors please have them electronically transferred in the A2A database. This is extremely important if the client has already given birth, as she cannot be re-enrolled into the A2A program or A2A database. If the client is still pregnant a new client in-take can be done or transferred electronically.

Thanks,
Mary

Subject: A2A Questions
Importance: High

Hi Joy,

Last week, several of my sub-contractors raised the following questions to me. Can you provide any input or feedback on the following?

1. For income eligibility for a potential client who is due in April, married but NOT to the father of the baby and has been separated from her husband for years, the husband does NOT live in the state of Missouri. does his (the husband's) income need to be considered for her eligibility? It is not his baby, she has had no contact with him for years, but they are **not legally separated or divorced**. Please refer to section 2.2.1 of the contract.
2. Another client potential client, who is married but separated, but **not legally**; does the husband's income have to be taken into consideration for her eligibility? In this case, I do not know if he is the father of the baby or how long they have been separated. Please refer to section 2.2.1 of the contract.

IN REFERENCING RFO's:

1. When a client needs a tow service to determine the repairs and costs needed to fix their cars, how should these be handled? Should an RFO with an estimate of the cost of Towing be sent to you first or can the cost of towing be submitted on the RFO with repair estimate? As long as it is within a certain amount? I understand that all RFO's need to have your pre-approval before reimbursement can be made, but I recently declined a Towing RFO in the amount of \$70, since the sub had already paid for the Tow. It was then brought to my attention that back in October, they had submitted an RFO for a car repair which included a paid Towing service and it was approved. So, to ensure we are in compliance, how do you prefer these be handled? I understand my sub's point that if a vehicle is not drivable the only way to get it fixed or determine if it is worth fixing is by getting it towed, and sometimes the car needs to be moved ASAP to avoid other costs that could incur depending on where car broke down. In this case please submit a RFO. All other tows will be looked at on a case by case basis.
2. Legal Fees related to Child Protection and Paternity hearings – can A2A funds be used to help with these costs while the client is enrolled? I am sitting on an RFO right now for these exact services and not sure if it is something I can, should or should not submit to you. DSS will need to have more information on this before a determination can be made.

Any insight or direction you can provide me with would be greatly appreciated.

Thanks,

Mary Taylor

I ~~deleted the white male slider for RSB~~, took the word "you" off the Child Support sliders, and took the extra "space" out on the DUFBS slider between "the" and "Double-UP."

I think we can move on to some additional sliders for the intranet as well (same as internet):

I made the same edits on these 10x4 sliders for the intranet . . . except you already had taken off the white male slider.

I ~~deleted the white male slider for RSB~~, took the word "you" off the Child Support sliders, and took the extra "space" out on the DUFB slider between "the" and "Double-UP."

I think we can move on to some additional sliders for the intranet as well (same as internet):

1. HITE mydss.mo.gov/hpog-hite
2. General Child Support Services - 1-800-859-7999 dss.mo.gov/child-support/
 - a. Brochures <https://dss.mo.gov/child-support/pdf/child-support-brochure.pdf>
3. Alternatives to Abortion - dss.mo.gov/fsd/a2a/

NOTE: Please be sure to label these PowerPoint files with the "SIZE & INTRANET" naming protocol (see mine attached) along with the versioning (good job of the versioning).
